

# Salon Management, Associate of Applied Science (AAS)

## Description

Working to complement Cosmetology diploma level classes offered residentially at select Lincoln Group of Schools campuses, the Salon Management online degree completion program is designed to prepare students with a strong foundation upon which to build a successful career. **Graduates of this program will earn an Associate of Applied Science (AAS) degree and will possess the knowledge and skills required to enter the cosmetology industry.**

The overall educational objective of the program is to provide students the opportunity to prepare for employment and licensing in the cosmetology field. Coursework includes in-depth study involving

practical applications of hairdressing and cosmetology where theoretical and hands-on learning experiences are employed.\* The Associate degree portion of the program in particular serves to further expose students to business management fundamentals, helping to expand each graduate's opportunities for employment and advancement.

**Upon completion of the Associate of Applied Science degree in Salon Management, graduates will be equipped to confidently enter the cosmetology industry where they can secure jobs as hair stylists, beauty consultants, salon managers, and much more.**
